Water levels recede slowly

Concern about water levels throughout Haliburton County eased somewhat during the past week as the quality of water in lakes and rivers started to ebb.

According to the supervisor of the Trent-Severn water system, Bruce Kitchen, the cold weather has helped to ease the run-off and allowed the accumulated water to move through the system. "Water levels in Gull Lake peaked on Thursday," he commented. "Readings taken Saturday indicate it is down by about two inches." He indicated that the easing is being felt throughout the system controlled by the federal authority.

However, Mr. Kitchen did note that most lakes are still at capacity or above. "Horse-shoe and Twelve Mile lakes are now at about 110%. When they reach 90% the flow should be reduced enough to make a substantial difference in the flow on the Gull River through Minden."

Kitchen said the cold weather of the past week was the main contributing factor. He said there was some concern about the very cold temperatures experienced at the beginning of the week, as this can create ice on the rivers which can slow the flow of water. The recent mild temperatures have helped

reduce that concern, while still not contributing more to the run-off. Kitchen did note however that rain has been forecast for later this week and it could create new problems if it falls in any large amount.

The head of the authority noted that during the height of the recent flooding, 35 cubic metres of water were passing under the bridge in Minden each second, or approximately 3,024,000 cubic metres of water per day.

Kitchen said he did not expect the usual conditions experienced this autumn will have a serious impact on the spring run-off levels. "A wet fall should indicate an average spring run-off," he commented.

Kitchen noted that the amount of snow cover has an impact on the amount of water level in the ground throughout the winter. "Deep snow will mean that frost will not go very deep which will allow some of the water now in the soil to drain away." He pointed out however, if the snow cover is shallow, the frost will reach to a deeper depth, trapping the water until the spring melt.

He said his authority would continue to monitor the lake levels throughout the area during the winter months.

Celebrating the festive season in song, members of the children's choir of St. George's Anglican Church, Haliburton took part in a Candlelight Service Sunday. Reverend J. Phillips conducted the special celebration.

Questions raised over dump costs

When is a dump not a dump?.....Why, when it is a sanitary landfill site, of course.

That interesting differentiation was brought to light at the December 8 meeting of Anson, Hindon and Minden

township council when the newly installed body began consideration of details of a contract for the site's operation in the coming year. Tenders for the operation were let earlier this month.

Councillor Larry Cummins, who has headed the committee charged with the landfill site's operation, noted that the main difference between the two operations is the control exercised on how one is operated. He pointed out that some municipalities in the area provide dumps for their residents, and while these may serve the same purpose as the Minden facility, staff to control the operations are not on the site when it is in operation. The consequence is that fires often rage out of control, garbage is blown about by the wind and the dump becomes a mess.

One of the problems encountered at the Minden landfill site during the past year is the amount of fill the facility is using. Sand from a municipal pit is hauled to the Scotch Line site by the municipality to be used in covering the garbage on a regular basis.

Costs for the fill, which are borne by the municipality, have risen dramatically during the past year, causing one member of the council to suggest the site is being filled

with as much sand as garbage.

Councillor Gary Kenney suggested the council limit the amount of fill it agrees to supply to the winner of the operator at the site. He said this would cut down on its extravagant use.

Reeve Lyle McKnight also suggested that rather than having the municipality dump the sand at the edge of the dump face, it be stock-piled at the site. The operator then would be responsible for moving the material to cover the garbage and, according to McKnight, he would be frugal in its use. The reeve pointed out 1982 would be the most expensive year for the site's operations, even though the

contract for the operator was below previous year's.

Scavenging

Councillor Gary Kenney told the council that useful articles which are left at the dump should be made available to anyone who wishes to take them away. Describing himself as, "an old dump runner from way back" he suggested that a special corner of the facility be established where items people feel might be of interest to others could be placed.

Councillor Cummins said such a situation would create a mess at the site and that the

Proposed higher sewer rates worry councillors

Efforts to avoid a proposed 86% rate increase in the sewer charges for Minden residents will be made by the municipal council. The matter was raised at the December 8 meeting of Anson, Hindon and Minden council.

Deputy-Reeve Ed Pergolas who also serves as chairman of the municipality's Public Utilities Commission, told the meeting that the Ministry of the Environment, which owns the sewage treatment plant had suggested a new rate schedule for 1983. He said the schedule would result in each Minden householder paying \$186 more for sewer services in the coming year.

Pergolas pointed out that the municipality had already

reached a rate agreement with MOE earlier this year. At that time the rate was to have been \$2.32 per 1000 gallons treated. He said the ministry now wants to raise the rate to \$3.24 per 1000 gallons.

The meeting was told the sewage treatment plant has been handling a greater volume of effluent recently because of the wet weather. Pergolas said the infiltration of rain water and run-off into the sewage system has added to the burden imposed on the system.

The Deputy-Reeve described the proposed increase as being "impossible to handle."

He suggested one way for

the municipality to obtain control of the sewer rates was to purchase the plant from the Ministry for a token \$2. "If we owned the system we could control the costs," he commented. He also noted that an error in calculating frontage charges when the plant was first installed has resulted in higher payments having to be made now. "It is their mess, not ours," Pergolas said referring to the financial problems.

The Deputy-Reeve and Reeve were requested to look into the matter and are

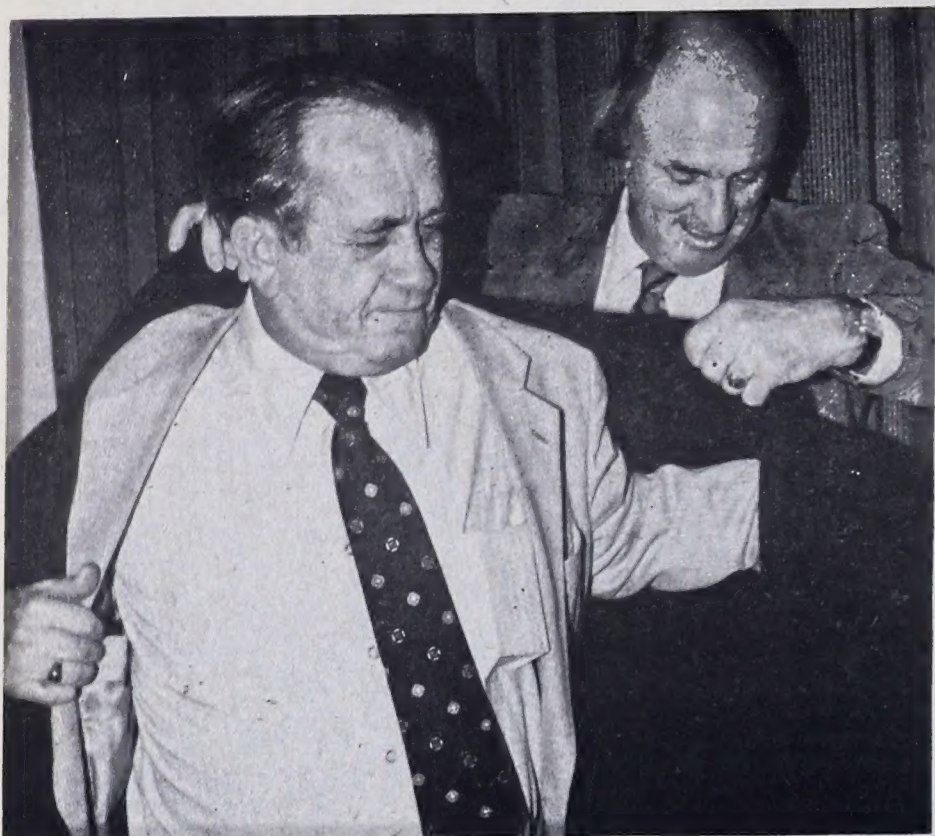

expected to report to the next meeting of council as to what can be done to forestall the rate increase.

Council changes meeting day

Anson, Hindon and Minden township council will change its meeting day in 1983. The council now meets every second and fourth Wednesday of the month.

However, the council was informed at the December 8 meeting that provincial court, which makes use of the council chambers for its hearings on Tuesday, would be changing to Wednesdays in April of next year.

Rather than change one meeting to a Thursday, the council decided to change both monthly meetings to that day and to do it with the start of the new year. The meetings, which are open to the public, will be held on the second Thursday of the month at 9 a.m. and the fourth Thursday at 7:30 p.m. The last meeting of the year for the council is scheduled December 22 at 7:30 p.m.

Haliburton County has a new Warden for 1983. Meeting in its inaugural session, the County Council selected the Reeve of its newest township to occupy the office. Bicroft Reeve, Bill Howe, was acclaimed to the position Tuesday evening. Outgoing Warden, N. Ron Gambell congratulated the new Warden as he assisted him in donning his robe of office. Howe said the economy would be the main priority for the coming year and suggested that emphasis be placed on developing the county's tourist and logging potential.

Dump costs

(from page 1)

Ministry of the Environment, the provincial body which oversees landfill sites, frowns on such activity. One of the main concerns of the ministry is the health implications of allowing what one person has intended as garbage being taken home.

Kenney said that by separating household garbage from single items, this problem could be overcome. He suggests the special area be called "dump runners corner".

He had not convinced Cummins of his argument, however as the councillor commented, "It might create more problems than it is worth."

"We'll just have to wait for a petition asking for it," Kenney told the meeting. "Perhaps it is something we can consider for the spring."

Miss Canada will attend winter carnival

Participants in the Kinsmen Winter Carnival Queen Pageant this year will have an extra treat to look forward to.

Jodi Rutledge, crowned Miss Canada November 1, will be in attendance and will officiate at the ceremonies selecting the winter carnival queen. Arrangements for Miss Canada's appearance were announced recently by Kinsmen Winter Carnival chairman, Paul Travers.

Miss Canada will be in Minden on the opening day of the carnival, January 28. During the opening ceremonies, the selection of the carnival queen will be made. Miss Canada will take part in the crowning of the queen.

Jodi Rutledge was selected Miss Canada November 1 during the pageant broadcast on CTV. She is a native of Winnipeg where she was named Miss Winnipeg. Miss Canada is 22 years of age and a graduate of the University of Manitoba.

Full details of Miss Canada's schedule during her visit to Minden will be announced as the date for the winter carnival draws nearer.

Shooting incident resolved calmly

A 41 year old resident has been charged with making threats to cause death and possession of a weapon dangerous to public peace following a shooting incident in Dudley township on December 12.

John Claud Bouchard was alleged to have fired a shotgun twice over the vehicle of his neighbour, Wesley Allan Good. Good, 43, had been visiting with Bouchard earlier that day.

Good left Bouchard's home and drove a third person to Haliburton Village. Good alleges that during his return trip at about 8 p.m., he met Bouchard who pointed a shotgun and a rifle at Good's head and threatened his life. Bouchard returned home after the meeting and Good telephoned police.

Early Monday morning police surrounded the Bouchard house and encouraged him to surrender. Bouchard peacefully put himself in police custody. Investigating officers included Constables Barry Connelly and Boyd Jarvis, assisted by Detective Sergeant Russ Woodbeck from district headquarters in Peterborough.

Sentenced

A man who forced entry into the domicile of a relative

pled guilty to a break and enter charge in provincial court in Minden.

Oswald Simms, 48, of R.R. 2, Haliburton, was sentenced to 15 months in jail for the break-in which occurred in September 1982 in Guilford township. Simms stole three credit cards and used them freely at various locations outside the county. He received an additional eight months for fraudulent use of the cards.

Snowmobile mishap

A charge of parking a snowmobile on a public road has been laid against Douglas White, 23, of Malton, following an accident Saturday off the Harburn Road in Dysart Township.

White had been travelling on the road on a snowmobile when he stopped to change a spark plug in the machine. While he was working on the sled, a vehicle, the driver was unidentified, rounded a curve.

The driver was unable to swerve out of the way of the snowmobile and struck the machine.

Glen MacDonald, 16, who was sitting on the snowmobile when the collision took place was slightly injured. Also hurt in the mishap was another bystander, 55 year old Keijo

Siltanen. He was struck in the face by the machine after it was hit by the car. The man was taken to Haliburton Red Cross hospital and then on to Peterborough Civic Hospital for treatment.

\$3000 damage

A two-car accident on Highway 35 just north of Minden resulted in \$3000 damages to the vehicles.

The cars collided as the driver of one, Bonnie-Lee Berry was turning into her driveway. The second car was driven by Carol Toye of Minden. Both cars were northbound at the time of the incident which occurred Saturday morning.

Grant awarded

The Haliburton Highlands Guild of Fine Arts Concert Series has received a grant of \$1,751 from the Ontario Arts Council. The grant was announced in a press release issued last week.

The funds will be used to assist in the presentation of three programs this year. The Arete Mime presentation took place several weeks ago. Hagood Hardy will appear February 8 while a performance entitled "Madly in all Directions" is scheduled for April 18. The shows are presented at the Haliburton Highlands Secondary School auditorium.

Members of the Anson, Hindon and Minden township council take their oath of office in unison at the inaugural session December 8. Members of the new council include, from the left, Larry Cummins, Pat Burk, Gary Kenney, Deputy-Reeve Ed Pergolas and Reeve Lyle McKnight.

New council eager to begin

An optimistic outlook for the next three years, concern about the tough economic times and enthusiasm for the term just beginning, were three main themes expressed by the Anson, Hindon and Minden township councillors as they took office officially December 8.

Reeve Lyle McKnight told the inaugural session, following the swearing-in ceremony, that he would "work diligently for progress in our municipality. We must see that tax dollars are not wasted," the former member of council commented. He said that during the next weeks the council should formulate a "plan of attack" to ensure these objectives could be reached.

The reeve paid tribute to the municipal staff, noting it was through their dedication that council could achieve its plans.

He also cautioned that the council would not be able to please everyone. "Constructive criticism will be the only kind of value and the only kind accepted," he commented.

Deputy Reeve Ed Pergolas stressed the need to cut waste and make sure that the full value is received for every tax dollar spent. "Taxes must be affordable," he said. The deputy reeve also commented,

"Anson, Hindon and Minden townships must take our rightful place as the number one municipality in the county."

Councillor Larry Cummins suggested the council, by working together, could accomplish a great deal. Freshmen councillors Pat Burk and Gary Kenney expressed their excitement at being part of the council. "I'm looking forward to an interesting time," Burk commented. Kenney said, "I'm looking forward to three years of very hard work."

Reverend Clyde Westhaver of the Minden United Church spoke prior to the swearing-in ceremony. He thanked the council for recognizing the church in its proceedings. "We can improve our politics and our religion by mixing the two," he commented. He told the new council that the citizens of the community would expect impartiality, compassion, an understanding of poverty, and conscientiousness from the councillors. "Don't grow weary in what you do," he said.

The opening ceremony was concluded with the five members of council taking their oaths of office in unison and swearing allegiance to the Queen.

OHRP committee will be paid \$300

A motion which would allow members of the Ontario Home Renewal Program (OHRP) committee to receive \$300 for their services in 1982 has been passed by the Anson, Hindon and Minden Township council. The motion, made at the December 8 meeting, passed on a split vote, with Deputy-Reeve Ed Pergolas registering a negative vote.

The matter had arisen at the last meeting of the former council when a letter from the then reeve Lloyd Walker was read. He recommended that the committee members be paid the \$300 stipend. Pergolas objected saying the council had no policy or by-law to cover the payment and one should be in place before the money is paid.

The then Deputy-Reeve Doug Pritchard, who was chairing the meeting and who also served on the OHRP committee, said he did not plan to return the money and he felt the payment was justified. At the time the matter was left for the new council to deal with.

Reeve Lyle McKnight, noting that he was also a member of the OHRP committee, spoke first December 8. He said the question of payment should have been dealt with when the people concerned were still members of council. He said

he was concerned that the reputation of the former members of council had been sullied by the reports and editorials which appeared in local newspapers. In particular, he praised Doug Pritchard for his 12 years of service to the community. "It is a sad way for him to leave public life," the reeve said.

Commenting on former Reeve Lloyd Walker, McKnight said he had contributed and worked hard on behalf of the municipality at the local level.

Councillor Pat Burk concurred with these remarks and noted the municipality had paid the stipend since 1979. She said since the money had traditionally been paid to the committee members, the council should endorse the payment for the services in 1982. But, the newly elected councillors also stated that a policy should be created to cover the payment to members of all committees.

Deputy-Reeve Ed Pergolas said he continued to object to the payment of the stipend. He said the members of the previous council were aware of his objection to the payment and therefore they should have brought the matter to the fore earlier in the year if they wanted approval for the payment. "In all good conscience, I cannot agree

with the payment," Pergolas said.

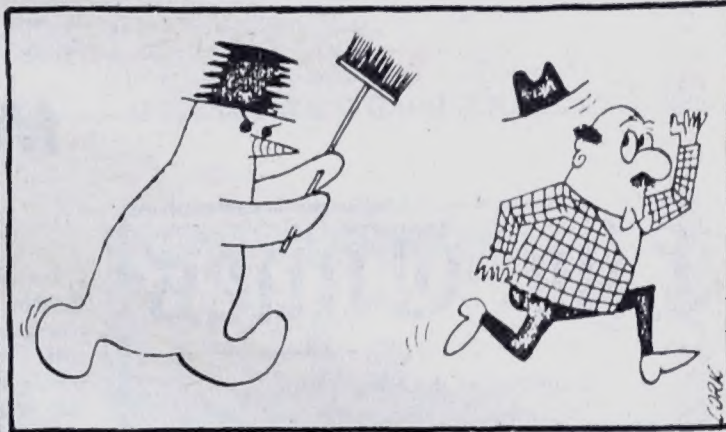

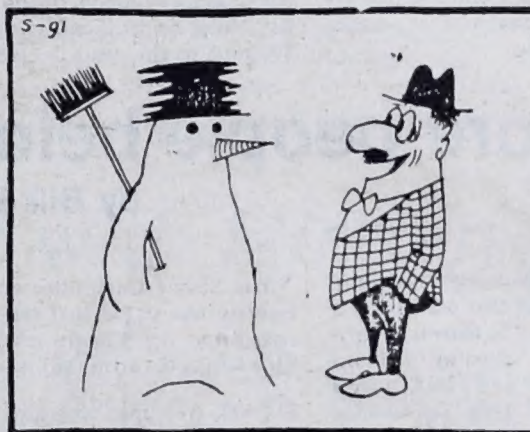

Pergolas said a motion should be tabled at the meeting to resolve the matter. "I'll still object," he informed the councillors, "but council rules."

Councillor Gary Kenney said the precedent of payment had been established since 1979 and the committee which served last year should be paid on that basis. However, he also suggested the new council enact a suitable procedural by-law which would clearly state policy regarding payment to committee members. He said such

legislation would protect council in future matters of a similar nature and ensure that those serving on the committees were aware of the situation before participating.

The resolution, allowing the \$300 payment to the 1982 committee members was passed with Pergolas voicing the only negative vote. As soon as the vote was taken, Reeve Lyle McKnight announced his \$300 stipend would be donated to a special fund which has been established to have plexi-glass installed at the municipal arena.

Treasures in trash

One man's trash is another man's treasure.

That sentiment is the credo of those who dare to suffer the disdain of their neighbours and others by finding treasures at garbage dumps...ahem, landfill sites. Freshman councillor, and self-confessed "dump runner" Gary Kenney, feels the municipality should, if not encourage the practice, at least condone it. He suggested at the inaugural session of Anson, Hindon and Minden township council that a special area be set aside at the Scotch Line site to accommodate these individuals.

We agree.

In our affluent society, individuals often find it more convenient to throw out items, which to them have outlived their usefulness or which they cannot be bothered to repair, or sell. Often, however, there are others in the same community who are able to repair and recycle these cast-offs. The difficulty arises in locating the individual who wants what's being thrown out.

By establishing a specific area at the site where these items can be placed, then this difficulty will be overcome.

Not only does the proposal make ecological sense, particularly in a community where the present dump facilities are rapidly filling, but it makes economic sense at this time when more families are turning to welfare for assistance.

With the understanding that the material in the "dump runner corner" is to be taken at the claimant's own risk and that only particularly useful and safe items may be left there, we think the idea should be tried.

Traces.

Energy information available

- by John Eakins, M.P. -

Victoria - Haliburton is one riding which has been selected by the Ministry of Municipal Affairs and Housing to participate in an information program. The aim is to distribute a series of "Do it Yourself" energy conservation pamphlets to homeowners through hardware stores, building supply outlets and various non-retail outlets such as building permit offices and real estate offices.

The aim is to improve the energy efficiency of the average Ontario household by 30% by 1995. A wide range of projects are being undertaken to encourage the residential sector to meet this goal. Informing homeowners of energy conservation is an important first step. When constituents have had an opportunity to review these pamphlets, I would be pleased to have comment or further suggestions.

Youth unemployment

In spite of sky-rocketing youth unemployment, the Provincial Government's spending on jobs for young Ontarians has actually fallen in real terms over the past four years. In that period, increases in government spending on youth unemployment programs have declined more than 16 per cent behind the inflation rate. Some

142,000 people in Ontario between the ages of 15 and 24 were out of work in the 1979/80 period - 50,000 fewer than today. Bringing these facts to the attention of the Legislature, Liberal Leader David Peterson stated the government would need to invest another \$41-million on jobs for the young in order to bring spending up to previous levels. In fact, the government has budgeted to spend some \$90-million this year on job

programs for young people, and the sum would be almost \$109 million if spending had kept even with inflationary increases.

Ontario Place

The \$400,000 construction contract for Future Pod at Ontario Place was raised in the Legislature by Liberal Pat Reid of Rainy River (Chairman of the Public Accounts Committee). He charged that the contract was thrown to a Tory company because of patronage, that "They were throwing a few more tidbits to their friends".

In his annual report, the Provincial Auditor had criticized Ontario Place, and the responsible Ministry of Tourism and Recreation, for letting the Future Pod contracts without competitive bidding last spring, a practice which violated the government's manual of administration.

Bypassing the bidding process, the Acting Deputy Minister had approved an exemption on the grounds that the contract was mainly "technical consulting services," although the Auditor noted that, except for \$90,000, the contract was for construction, in connection with which no exemption is permitted by the government's own regulations.

The Acting Deputy Minister had approved giving the contract to Display Service Co. Ltd., an affiliate of the well-known Conservative agency, Foster Advertising Ltd. of Toronto. Questioned further on this

question, the Minister told the House that he is planning \$300,000 in improvements to Future Pod for next summer, and that "there will be plenty of competitive bidding."

More people below the poverty level

- by Bill Scott, M.P. -

It is increasingly evident in Parliament that our nation is changing. The federal government is spending millions buying BP and FINA, and at the same time introducing legislation designed to halt the indexing of family allowances, old age security pensions and public service pensions. Clearly, they are changing their priorities to a "survival of the fittest" policy, at a time when recent statistics show that there are fewer of us that fall in the "fittest" category.

There are now 700,000 fewer Canadians under 20 than there were 10 years ago - 800,000 more are over the age of 60 than 10 years ago. What the government is doing, despite strong objections from opposition parliamentarians, will impose undue hardship on those who built what we have today.

The Senate Committee on Poverty has stated that they considered the poverty level for a family of two in 1981 was

\$12,300. A couple, who have reached the age when they are relying on Old Age Security payments, receive \$246.92 or \$5,924 per year. If that is their only income, they can get another \$4,487 as a Guaranteed Income Supplement. This couple would have a total income of \$10,511.00. This is almost two thousand dollars below the poverty line.

Now, this new legislation will not allow these payments to increase with the cost of living. Similarly, families with incomes under the poverty level can now never hope to meet expenses with a Family Allowance cheque which is not keeping up with the cost of living.

The experience in Canada has been that the poverty line level has tripled between 1971 and 1981. If that is the case, the effect of these bills will be to segregate our elderly and our low income earners and ensure they never are allowed to better themselves.

This scenario was brought to the attention of the House of Commons, when the bills

were passed, by Don Munro, a Progressive Conservative Member from Victoria, B.C., but to no avail.

coming up

Wednesday, December 15 - Curling at Minden Curling Club. S.O.L.C.A. provincials.

Wednesday, December 15 - W.I. Christmas Party at Minden United Church. All ladies welcome.

Friday, December 17 - An evening of old-fashioned community Christmas carolling. Leave from St. Paul's Anglican church, 7 p.m. Refreshments afterwards. Everyone is invited to join in the fun.

Delightful Dilemma

by J.A. Friel

The Highlands Little Theatre presented John Patrick's comedy "The Savage Dilemma" December 9, 10 and 11 at Haliburton High School auditorium. The play, a sequel to Patrick's "The Curious Savage" was directed by Mike Collins. Appreciative audiences greeted the play throughout its run here.

The play details the attempts by the wealthy and eccentric Mrs. Savage, played by Caryl Douglas, to escape the realities of life after returning from extensive travelling. Mrs. Savage seeks out the Cloisters, a private sanatorium into which she was placed by two conniving stepsons after their successful bid to have her declared mentally incompetent. Her money then fell to the schemers to administer.

Mrs. Savage left the Cloisters and returns a couple of years later to the delight of the presiding physician, Dr. Emmett. The cost of private care has increased so dramatically, that most patients are sent to state institutions. The hospital needs \$25,000 within 60 days and the philanthropic Mrs. Savage is a godsend to the doctor, unaware of the wealthy widow's predicament.

The doctor finally informs Mrs. Savage of the wall the sanatorium is backed up against just before the situation becomes critical. She is surprised and dismayed at the impending closure of her refuge and reveals her helplessness to the doctor. At precisely that moment, the other residents are herded into the room ahead of a knife-wielding hippy couple.

Mrs. Savage strikes a bargain with the thickheaded, but kindhearted, young male

Cast members Marianne Helsby, Heather Scully, Curtis Eastmure and Sandy Willis are held at bay by the knife-wielding Glen Carter backed by his cohort Brenda Ellis, during the Highlands Little Theatre production of "The Savage Dilemma". The play ran Thursday, Friday and Saturday at the High School auditorium.

hoodlum named Al, played by Glenn Carter. She insists that he hold her for \$100,000 which she agrees to split with him 25-75 and which her high profile stepsons will have to pay.

After a series of close calls with an updated version of the traditional buffoon policeman and the perils of being caught in a student riot, Al exchanges his empty flight

bag for the money-filled bag Mrs. Savage's dull magistrate stepson carries. Unfortunately,

police snipers, present at the riot for a major drug deal, shoot Al in the butt. He returns to the institution with the bag, not sure if he traded for the correct counterpart. The affirmation of his success is displayed in front of the moronic cop who is satisfied

by the old "lighting the cigarette with paper money" routine, showing the bills are only play money. He does take a puff at the cigarette to make sure it is not marijuana.

At last comes Savage's dilemma. She returns the money because she is unsure if it is morally correct to steal money belonging to her even though it was legally stolen from her. She makes a deal

with her stepsons agreeing to keep quiet about a potentially embarrassing fiasco for \$50,000. She gives the doctor his requirements and Al and his compatriot Jeannie their cut. Jeannie rebels however, because she wants to stay

among people who have cared for her. Al's vision of riding a motorcycle around the country and booking hotel

rooms to watch T.V. when it rains, does not appeal to her.

In a confusing and melodramatic conclusion, Al and Jeannie come to terms with each other on their knees, hugging, while the venerable and wise Mrs. Savage exhorts them to use their imaginations to probe beneath the obvious. The actors, formerly playing mad characters, dramatically transform them to indicate Al and Jeannie's complete change of attitude.

Caryl Douglas' portrayal of the eccentric Mrs. Savage is a wonderful centerpiece to the play. Her repartee with the various characters, in particular Glenn Carter's Al, is enjoyable.

Heather Scully as Fairy May the sweet "novelist" with currents of hostility beneath her innocent exterior, Betty Perugino as the mad tongue-twister splicing painter Mrs. Paddy and Brenda Ellis as Jeannie, the deprived, pregnant kid from the wrong side of the tracks, were particularly gratifying characterizations.

Other members of the cast were: Marianne Helsby as Annabelle, Sandy Willis as Nurse Christine, Curtis Eastmure as Dr. Emmett, Dale McConnell as the officer and Lynn Graham doubling as Florence and a publicity member of the production crew.

Members of the production crew were: production assistant Lila Mitchell, stage manager Maureen O'Hara, props mistress Miriam Barnes, lighting Mike Varty, artwork, design and publicity Nancy Adamson, prompt and house manager Jennifer Gowning and stage crew Stan Ashman, Bill Barnes, Jim Andres and Bill Douglas.

Closer ties sought with Minden

Councillor Gary Kenney has suggested that this municipality establish closer ties with the Minden, Germany.

Speaking at the December 8 meeting of Anson, Hindon and Minden township council, Kenney said an effort should be made to open lines of communications between the two municipalities. He noted, for example, that the official colours of the German city are white and red. "Perhaps we should establish some form of visible connection between the two communities," he commented.

The suggestion was made as the council considered a number of designs for a crest for the community. Kenney noted the use of the same colours and incorporating some of the designs from their

community crest could help establish the link between the two.

Reeve Lyle McKnight noted that one of the most difficult problems facing the council over the past few years has been the selection of a suitable crest for the community. He pointed out that a number of sample drawings had been drafted for their consideration but that no final decision had been reached.

Kenney suggested the council should make use of some of the artistic individuals in the municipality, through a design contest or other method, to help design a crest for the townships. The matter was left for consideration to the next meeting of the council.

The municipality did approve the purchase of a half page advertisement in the Haliburton Highlands Cham-

ber of Commerce lure book which is presently being prepared for 1983. The ad will cost some \$600.

County native - Canada's oldest

A native of Haliburton County, and Canada's oldest citizen, is 115 years of age today.

David Trumble, now residing in Canifon near Belleville, is still an active individual. He enjoys hunting, although failing eyesight has reduced his participation in this sport to accompanying others, dancing, singing and splitting firewood.

Born in the county in 1867, the year Canada became a nation, Trumble recalls voting for Sir John A. MacDonald. A staunch Conservative, Trumble told a Toronto Star reporter that he only voted Liberal once "and that was a mistake."

The 115 year old Canadian is the author of a book, even though he can neither read nor write. The reflections on the early days of Canada is aptly entitled, When I was a Boy.

from the chamber

by Bob Stinson

At the Chamber's last Board of Directors meeting a good deal of discussion was aimed at correcting the lack of publicity given our area by the media. The weather reports and coming events reports being prepared by Elgin Stouffer for the Chamber are cases in point. While C.K.L.Y. in Lindsay has greeted the program with enthusiasm, and has made good use of it, it has been given little air time on some of the other stations. Stations in Barrie and Peterborough, although they are received here, seem to feel they owe little of their support to our region.

As a result of those discussions some correspondence has been going out to those concerned. CHAY-FM and the Toronto Star are two of them. The Toronto Star, in connection with a special edition of their travel section which in reporting on ski areas throughout the province, totally ignored Haliburton. CHAY has also given our area little coverage. We will be advising you of any response we may receive. In the meantime, as one of our directors put it, we should certainly be thinking, throughout the community, about who is supporting us when we consider where we are going to place our advertising dollars.

One immediate reaction we did receive was from the C.B.C. Radio Morning show with host Allan Miller. They have been doing a series of interviews with ski resorts and as a result of our approach to them the Haliburton Highlands will be featured this Friday, December 17 with yours truly providing the information. They want to specifically talk about our cross country facilities, but we will also be reminding them of our alpine challenges as well.

Ontario Chamber meets with Cabinet

On December 8 the Ontario Chamber of Commerce met with the Premier and Executive Council to present our "Program for Economic Recovery". The presentation was based on a return to the fundamental principles of a free-enterprise economy. The document suggested that:

(1) Government stop bailing out corporations which are failing to meet the challenges of the marketplace.

(2) Assist the private sector by declaring a moratorium on new regulations on business and abolishing or reducing the minimum wage to encourage better performance.

(3) Encourage investment in rental properties, and thus boost the construction industry, by getting out of rent controls.

(4) De-regulate agriculture

to improve competitiveness of Ontario products.

(5) Demonstrate fiscal responsibility by selling its investments in Suncor and Trillium.

(6) Reduce soaring health costs by introducing some form of user fees or other deterrents.

The Ontario Chamber is very concerned that in spite of the potential of our country and our province we are responding poorly. Canada presently has the lowest productivity growth of any industrialized nation - and Ontario is the heart of the Canadian manufacturing industry.

Treasurer Frank Miller responded to the presentation by saying that although he agreed, in principle, with much of what the report was saying, as a politician he didn't feel he could live with many of the recommendations. He's probably right. To do what needs to be done to restore the economy, and confidence in it would require more political risk than any of our elected representatives are prepared to take. A sad commentary.

No simple solutions to water levels

Any system that is as reliant on the co-operation of "Mother Nature" as our reservoir system is bound to run into severe difficulty at times. Having sat on the Haliburton County Water Level Committee for a number of years we have become very aware of just how difficult it is to keep the entire system in balance and how extreme weather conditions can create such major problems as those in Minden.

The Gull River is the "bottle neck" in the system and when there is an abundance of water to get rid of it becomes filled to overflowing. When, on the other hand, water is being retained in the reservoir lakes the river becomes shallow.

Add to this the fact that the Trent people have become aware of the importance of getting the lakes drawn down before the fish lay their eggs in order to maintain the fisheries and you begin to understand their dilemma.

The reservoir system needs major re-engineering to make it work better - and even then it wouldn't be to everyone's satisfaction. It needs a "buffer reservoir" to handle some extreme situations. All of this would take far more money than can be found in today's economy, but there is a possibility in the future that some of these problems can be reduced or eliminated.

Mr. Kitchen and his staff are doing the best that they can with the system they have to work with.

Council briefs

Items from the December 8 meeting of Anson, Hindon and Minden township council.

The road committee of council will examine a request made by an Allsaw resident for winter snow ploughing services.

Mr. Murray Rochford approached the council requesting the service for a road just west of the bridge between Lake Kashagawigamog and Soyers Lake. He told the council that when

he purchased the home he was told the property fronted on a municipal road. However, subsequent investigation showed that while the municipality owned the road, it had not assumed it into the township road system and the municipality was not carrying our maintenance on it.

He told the meeting that he was paying a tax bill of \$700 and felt he should be getting something in return for the annual levy.

Road Superintendent Earl

Kent questioned whether there was suitable space at the end of the road for the snow plough to turn around. There were also questions as to whether the existing road met the municipality's standards.

Appointment

The council has confirmed the appointment of Wally Bunn as the municipality's representative on the county land division committee. The committee examines severance applications approved by municipalities in the county. Mr. Bunn has been the municipality's representative on the committee for the past year.

The appointment is for a three year term.

#####

Curlers from throughout southern Ontario converged on Minden this week to take part in the District 12 S.O.L.C.A. bonspiel held at the Minden Curling Club Monday, Tuesday and Wednesday. Play continues today at the Club with the final scheduled for this afternoon.

Minden featured on Boston radio programme

Minden, and a performer appearing at the Rockcliffe Tavern, received an extra bit of publicity on a Boston radio station Thursday evening thanks to the efforts of area merchant Stu Brandon.

The plug was the result of a telephone call Mr. Brandon placed to a phone-in program on radio station WBZ. The show, hosted by Larry Glick, invited listeners with interesting topics and personalities to call in. If the host is impressed with the details, he will then call the person involved, interviewing that individual on the air.

Brandon's premise for calling was that popular folk singer David Archibald was appearing at the Rockcliffe Tavern. The singer, who writes many of his own songs, had penned a ballad which mentions "a late night talk show coming in from Boston". Archibald explains prior to performing the song that the radio show referred to is the Larry Glick show.

After the host had talked with Brandon for a while on the air, Glick decided to call the Rockcliffe Tavern and talk to the performer. Called away in the middle of one of his sets, Archibald chatted with the radio announcer for a few minutes and then performed the song, over the telephone, in which the program is mentioned.

According to Brandon, the program, which has been on the air for many years, attracts an audience in 39 states in the eastern U.S. and also reaches six Canadian provinces.

Both Brandon and Archibald will receive a "Glick University" sweat shirt for their contribution to the Thursday night show.

Welfare exceeds budget

Lutterworth council expressed concern at the rise in welfare payments for 1982. The council had budgeted \$20,000 for payments after reviewing the economic climate, but claims have exceeded this estimate for a total of \$24,686 at the end of November, almost double the 1981 total of \$12,738. Lutterworth clerk Wayne Hughes said that 1982 expenditures would be close to \$30,000.

The reason for higher payments, according to

Hughes, is the lack of jobs, particularly summer seasonal employment. He said that in previous years summer employment cleared the list of welfare recipients and subsequent unemployment claims bypassed the township and went to the provincial level. This year summer jobs were scarce and some cases were eligible for welfare through the summer months. Also Unemployment Insurance (UIC) has been exhausted for a number of

laid-off workers. These claimants, failing to find other employment, apply for welfare from the municipality and further drain resources.

The township is responsible

for 20% of the payments and the Ministry of Community and Social Services takes the balance. Hughes said that the 20 - 80 ratio would not be affected although the township had exceeded its budget.

Board elects chairman

Dysart et al trustee Nancy Stinson has been selected as chairman of the Haliburton County Board of Education. The selection was made at the inaugural meeting of the newly elected board December 7.

Bonnie-Lee Berry, trustee for Anson, Hindon and Minden was chosen as the vice chairman. Both will serve for a one year term.

Mrs. Stinson has been a member of the board since 1978. In that time she has served on a number of committees and last year was the chairman of the special education advisory committee.

Mrs. Berry, a board member since 1981, was chairman of the special services advisory committee and the early school leaving committee last year.

The board, elected during the November municipal election, welcomed one of the

largest number of new trustees in recent memory. Among those serving on the board for the first time are: Mrs. Linda Mumford of Cardiff-Bicroft; Dr. Blair Pierce representing Dysart et al; Mr. Brian Sisson of Anson, Hindon and Minden;

Mr. George Simmons of Snowdon; and Mr. David Villard of Sherborne, McClintock and Livingstone.

The board meetings, which are open to the public, are held the last Tuesday of each month at the board office in Haliburton.

Police plan holiday checks

Solicitor General George Taylor and Ontario Provincial Police Commissioner James Erskine have revealed a program designed to make Ontario highways safer over the holiday period and keep drinking drivers off the road.

Both Mr. Taylor and Commissioner Erskine, who is also chairman of the Ontario Traffic Safety Council, emphasized that police would be doing their utmost to get drinking drivers off the road. One of the methods will be by enforcing the temporary suspension law -- which requires marginally impaired drivers to surrender their licences to police for 12 hours if it is so indicated by a portable breathalyzer known as an Alert device.

The Solicitor General told a news conference that through the Ontario Police Commission he is urging all Ontario police forces to join in the Christmas and New Year's safety campaign, using such methods as the temporary suspension program, spot checks and enforcement of the seat belt laws.

"The temporary suspension law, enacted by the legislature last year, is proving to be one of the most effective instruments the police have in combatting the drinking-driving problem," Mr. Taylor said.

He said some members of the public seem to regard it as a measure to be used only during the holiday season, when in fact, the O.P.P. alone has issued more than 9,000 suspensions already this year.

Mr. Taylor also said the ministry and the O.P.P. were co-operating with the P.R.I.D.E. organization in getting their message to the public of the tragedies caused by drinking and driving.

P.R.I.D.E. (People to Reduce Impaired Driving Everywhere) is a volunteer organization dedicated to promoting public education about the damage that impaired and drunk drivers do. Many members have lost relatives who were killed in accidents involving impaired and drunk drivers.

The Minister said the O.P.P. has tape cassettes with messages from P.R.I.D.E. members which will be distributed to radio stations across the province by community services officers.

A lot of people call life "The Survival of the Fittest". You know, a lot of people are right.

Novice

The Minden Novice team has been experiencing some scoring problems as indicated by two shut-outs during the past week. The team is gearing up, however, for the annual novice tournament scheduled for the Winter Carnival weekend. Keep at it guys!

The novice team lost to Gravenhurst December 7 by a 9-0 score. They were shut-out 11-0 in a return engagement played in Gravenhurst December 12.

Atoms

The 'flu bug is taking its toll on the Minden Atom team, but the squad managed to come up with a number of victories anyway during the past week's play. In addition to missing a number of skaters, the team was minus its regular goalie, Randy Bull, following the Friday victory in Haliburton. Lorne Greer stepped in for the ailing

netminder and turned in a credible performance.

Playing in Bobcaygeon December 7, the Minden Atoms were defeated 4-2. Robie Ackerblade picked up one goal for the Atoms, unassisted, while the second went to Joey Boyle who connected on a pass from Darren Sawyer.

Ackerblade again led the Atoms Friday evening, claiming four of the six goals the team managed to slip by the Haliburton goalie. The game was played in Haliburton.

Three of Ackerblade's goals were unassisted while the fourth effort was helped by Justin Gentle. Also scoring in Haliburton were Joey Boyle from Kent Taylor and Taylor from Hunter Obee and Boyle.

Sunday afternoon in Minden the Atoms were defeated by Fenelon Falls. The final score was 8-3.

Robie Ackerblade scored two of the goals, the first assisted by Darren Sawyer, the second coming on a pass from Kent Taylor and Darren Sawyer.

Pee Wee

The Pee Wees split a pair of games during the past week losing 5-0 at the hands of Haliburton in a Thursday night game in Minden.

The team came back strongly on Sunday and

defeated Baysville by a 7-1 margin. Scott Russell led the scoring with a hat-trick. He was assisted by Aaron Davis on his first, Tom Heppleston on the second and Heppleston and Sheldon Stevenson in the third. Kent Taylor notched a pair for the Pee Wees, scoring one unassisted and the other with the help of Scott Russell. Other Minden goals were scored by Sheldon Perry and Trini Elias, both unassisted.

The schedule

Friday December 17: 7 p.m. Minden Atoms at Haliburton.

Saturday December 18: 2 p.m. Huntsville Novice at Minden. 3 p.m. Huntsville Atoms at Minden. 4 p.m. Huntsville Pee Wees at Minden. 5:30 p.m. Huntsville Bantams at Minden.

outdoors

by Ron Reid - Federation of Ontario Naturalists

Now that the nip of December is in the air, and the crispy remnant of fallen leaves are fast disappearing beneath new-white snow, the crackle of fire in the hearth takes on an added attraction.

Fueling the hearth can mean hours of toil in "getting up the wood" assuming, of course, that you are one of those who believe that real men don't buy their firewood. Now an American researcher, who has obviously spent more than a few sweaty hours on the end of an axe, has published his expose on six myths about splitting wood in the most recent issue of American Forests.

Myth No. 1 is to split from the bottom, not the top, of your bolt of wood. After splitting carefully matched pieces both ways, researcher David Tresemer concludes that the average time difference is 1/100th of a

second. In other words, it makes no difference. But Myth No. 2 was upheld - it is indeed more efficient to split wood along the check lines that appear after a few weeks' seasoning.

Myth No. 3 holds that frozen green wood splits easiest, but this test proved true only when the pieces were straight-grained. Since knotty wood on average split better when thawed, the author suggested that you are better to tackle the typical mixed woodpile when you have the energy, rather than waiting for the right weather.

The fourth myth instructs woodsmen to season firewood for one year, or better for two. In fact, the length of seasoning required to dry hardwood to the 20% moisture range considered ideal for burning depends on the time of cutting (winter is best), and whether it is

stacked off the ground and covered. With good conditions, most wood will be ready in one year.

Some species are worth more than others, is a myth commonly accepted. The fact is that a pound of dry wood, no matter what species, yields about the same amount of heat. However, since some woods are much denser than others, it can take a much larger volume of softwood (and hence more cords) to add up to the same weight.

Finally, Tresemer examines the old myth that chopping your own wood will warm you twice - once when you split it, and again when it is burned. Basically true, he says, but when all of the steps are taken into account, each piece of wood is likely to warm you something like ten times over. At that rate, cutting your own wood is a cold-weather bargain!

New exit studied

A second exit for Anson Street is being considered by Minden township council. A committee to look into the proposal was established at the December 8 meeting.

Minden resident and bus line operator Harold Deacon approached the council about the second entrance. He told the meeting that the present exit, via Peck Street at Minden was hazardous. He noted the approach to Main Street was uphill and the buildings and cars at the corner often blocked a driver's view.

Deputy Reeve Ed Pergolas pointed out that the problem had been recognized last year and the council had discussed the matter but nothing further had been done about it. He said at the time the council considered making Peck Street a one way entrance only.

The new road, if it is built, would emerge onto Main Street between the Minden Fruit Stand and Wrightman Realty. Reeve Lyle McKnight has an interest in the land where the proposed road was to be located and so he refrained from participating in the discussion.

Mr. Deacon said the second entrance would provide better visibility for drivers and be safer since the road would be level with Main Street.

Councillor Pat Burk noted that the new road would also open some land in the area for development.

Three members of council, Deputy Reeve Ed Pergolas, and Councillors Larry Cummins and Gary Kenney were appointed to look into the suggestion. The committee is expected to report at the next meeting of the council, December 22.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and

IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up and close a portion of the 66-foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shore-line perimeter of Gull Lake, in front of Lot 10, Concession 12, in the Township of Lutterworth and to convey part of the aforesaid Shoreline Allowance Portion to the abutting property owners.

NOTICE IS HEREBY GIVEN, pursuant to Section 310(1)(a), of the Municipal Act, R.S.O. 1980, that the Council of the Corporation of the Township of Lutterworth proposes to consider and, if deemed advisable, to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden on Highway No. 35, on December 28th, 1982 (Tuesday) at the hour of 4:00 p.m., a By-law to stop up and close the parcel of land more particularly described as follows:-

SCHEDULE "A"

ALL those adjoining parts of the sixty-six foot Original unopened Shoreline Allowance for Road along the shore of Gull Lake in front of Lot 10, in Concession 12, in the Township of Lutterworth, in the Provisional County of Haliburton, designated as Parts 1 and 2 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-2712.

AND, in addition, to convey Part 2 on Survey Plan 19R-2712 to the owner of the abutting Instrument Number 25199.

A copy of the Survey Plan 19R-2712 is attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND TAKE FURTHER NOTICE that before passing of the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applied to be heard.

DATED at the Township of Lutterworth this 24th day of NOVEMBER, 1982.

Huskies record first win - defeat Huntsville 5-3

The Haliburton Huskies finally recorded their first victory in a well fought battle against Huntsville. The decisive 5-3 win had fans on their feet and Huntsville players muttering their disbelief in the Dysart arena Saturday night. The win came midway through a dismal season during which the Huskies had tied two of 18 games.

Sunday night the Huskies lost Kevin Warburton for an unspecified time in a 15-2 loss to the Essa 80's in Essa. Warburton was taken to Bracebridge hospital by his father, coach Gary Warburton where it was discovered that Kevin suffered pulled cartilage, affecting his ribs.

Saturday evening Haliburton had three point games from Scott Rae with two goals and an assist and Butch Manary with a goal and two assists. Duane Lennie, the other half of the goaltending duo turned in a fine performance including a well played stop on a break away. His play in the third period was a prominent element contributing to the win.

The Haliburton midget team sent three players to fill out the Huskies ranks and were as equally skilled as their older team mates. Mike MacNaull wearing number 11 assisted on two goals. His speed often forced the Huntsville goaltender to warn mates of his presence. Wearing Mike Evans' number 14, Kelly Mitchell, Scott Mitchell's younger brother, was temporarily combined on a potentially explosive line with Kevin Warburton and Brent Moxam. Mitchell's speed enabled him to easily keep up with Warburton, arguably the fastest of the Huskies. The two, combined with Moxam a good two way forward and two point man for the night, provided some excellent forechecking and hard hitting, compelling Huntsville to

repeatedly cough up the puck. Bernie Upton, wearing number nine gave some strong play as well.

According to Huskies general manager Barry Robertson, Bob MacNaull, president of the Haliburton Minor Hockey Association has agreed to allow midget aged players to play occasionally for the Huskies. If these three are a sample of the quality on the Haliburton midget team, the Huskies can only benefit from such an agreement. They also indicate that while Junior C hockey in Haliburton County is in desperate shape, the future holds some promises.

The Huskies gained control during the first period of the game using clean hitting and efficient forechecking. Their passing control was vastly improved which was evident in the competent manner the puck was cleared from Huskie territory.

Haliburton captain Butch Manary led the way by scoring the first goal at 2:51 of the first period from a Brent Moxam pass.

Moxam and Manary teamed up for the second goal and received help from Scott Rae on a Moxam goal at 14:21. The goal was the first scored on the power play.

Huntsville replied less than a minute later at 14:59 on a goal from Bryan Eeles from John Raney and Lance Webb making it 2-1 at the end of the period.

The second period opened up fast with another power play goal on a low hard shot from the point by defenceman Rob Abbs at the 42 second mark. Manary was in on this goal and Kevin Warburton picked up his first assist.

The rest of the game was Scott Rae's. His goal at the 7:00 minute mark of the second period turned out to be the winner. Scott Mitchell and Mike MacNaull picked up the assists.

The power play again figured in the scoring, this time Huntsville turning it to their advantage with a goal at 14:16. Mark Yarranton scored the goal making it a 4-2 game until the end of the period. Scott Gemmill picked up his first assist.

At the time of the Huntsville goal, with about five minutes left in the period Kevin Warburton's leg was injured foreshadowing the next evening's more serious injury. The forward's injury sparked some bad feeling between the clubs. When Haliburton coach Gary Warburton made his way down the ice to discover the extent of the injury, he shouldered a Huntsville player out of the way. This prompted Andy Atkinson, the scrappy captain of Huntsville to drop his stick and gloves and challenge the older Warburton. Atkinson's team mates restrained him while Haliburton team staff inspected the injury. The angry captain was calmed but still upset over the elder Warburton's treatment of the Huntsville player. Kevin Warburton left the ice for the rest of the second and some of the third but returned to his regular form in the last period. Both teams seemed curiously deflated after the incident and played in a lethargic manner for the rest of the period.

Huntsville scored again in the third period on a power play which set Haliburton fans to wondering if the Huskies could defend their lead. The Huntsville goal was scored at 3:42 by Kevin Pinkerton with Scott Gemmill getting his second assist. Some tight defensive work, some heavy hitting and a controlled method of handling the puck to waste precious seconds managed to hold Huntsville off the scoreboard.

The excitement reached a

fever pitch when, at 17:05 of the last period Scott Rae received a penalty jeopardizing the Huskies lead. Two taut minutes later Rae returned to the ice and the penalty was over. Seconds later, after the Huntsville team had pulled their goalie in favour of a sixth attacker, Warburton clicked on a pass to Rae and he added the insurance goal with five seconds remaining. Midget Mike MacNaull collected his second assist on the goal securing the Huskies first win.

Sunday's loss

The night following their first win the Haliburton Huskies were blown out of the rink in Essa by the Essa 80's. General manager Barry Robertson said that the Essa 80's were by far the best team he has seen this year. The Huskies lost 15-2 on a 75-10 shot margin.

Robertson said the "factor here was simply that we didn't have the bodies." The Huskies played with 13 players, two of which were goaltenders and one, Bret Austen, who dressed for the game although injured to enable the Huskies to avoid the fine for not having the mandatory 13 players. The team was not filled out with any juveniles and only one midget, Barry Boice, volunteered to make the journey.

The score at the end of the first period was 5-2, the Huskies getting goals from Kevin Warburton before his injury, assisted by Mike Rae and Kevin Shapiera, unassisted.

After the first period the Huskies were shut down while the 80's scored six goals in the second and four in the final frame. Colin Newell was pulled from the net after the second period so a fresh Duane Lennie could finish the game. With a 75 to 10 shots on goal margin both goalies were obviously playing to the best of their ability, stopping 60 of the shots.

Minden Bantam goalie scrambles to control the puck during the semi-final game in the tournament played Saturday. The local team fared poorly against the competition losing to Beaverton 5-1.

Oshawa bantams take trophy

A bantam team from Oshawa claimed the Floyd Hie memorial trophy at the annual Bantam tournament played Saturday at the Minden arena. The Oshawa team defeated Fenelon Falls 5-2 in the final contest to claim the hardware. The trophy is donated by Shirley and Carl Hie.

Minden lost both its games in the tourney, losing the opening match to Fenelon Falls by a 10-1 margin. The second loss, in the consolation semi-finals came at the hands of Beaverton. The Monarchs were defeated 5-1.

Beaverton went on to take the consolation championship and the Gord Monk trophy. They defeated Lefroy 5-2.

John Ballantyne scored the only goal for Minden in the

opening game. Tom MacLeod was credited with the assist. The tally came in the first period of the game.

Glenn Hall's goal for Minden in the second contest was scored in the closing minutes of the game. Daryl Ward assisted on the effort.

The following is a summary of the tournament:

Opening round: Fenelon Falls 10 - Minden 1; Bewdley 4 - Beaverton 0; Oshawa 4 - Lefroy 2; Powassan 5 - North Bay 3.

Championship: semi-final: Fenelon Falls 8 - Bewdley 4; Oshawa 6 - Powassan 5; Championship: Oshawa 5 - Fenelon Falls 2.

Consolation: semi-finals: Beaverton 5 - Minden 1; Lefroy 7 - North Bay 3. Consolation championship: Beaverton 5 - Lefroy 2.

Juveniles stretch winning streak

The Minden Juveniles continue to batter away at the opposition claiming a 7-2 victory Friday evening against Rosseau. The game was played Friday evening at the Minden arena.

Scott Rae, of the Haliburton Huskies, led the scoring for the Juveniles with a pair. The Juveniles have a player sharing agreement with the Huskies which allows members from either team to play selected games in the other league. Fred Roberts of the Huskies was also on the ice for the Juveniles.

Tim Wood opened the scoring for Minden 54 seconds into the first period, connecting on a pass from Ivan Ingram. Rosseau evened the score at the 13:08 mark of

the first period.

Scott Hamilton scored on a pass from Rob McLeod at the 3:24 mark of the second frame. Ingram scored unassisted at 11:49 to widen the Juvenile lead. A Rosseau goal at the 12:08 mark brought the visitors within striking distance, but Greg Newell gave the Minden squad the breathing room it needed by scoring at 14:17. The Juveniles were short-handed at the time. Scott Rae assisted on the effort.

The final period belonged to the Juveniles as Eldon Bull scored at the 8:36 point, with an assist from Tim Wood. Scott Rae picked up his first goal at 9:34 with help from Greg Newell and scored his second, unassisted at 11:46.

Between the pins

The second and final 10 games of the O.V. Open were bowled Sunday, December 12 at Bowlaway Lanes, Lindsay with 61 bowlers competing in over 20 games.

The final results are as follows:

Ladies Team

1. Kay Osler, 4337; 2. Eva Kirkham 4245; Sheila Everett 4041; Wilma Overwijk 3964; 5. Audrey Fountain 3956; 6. Darlene Kalincak 3878. Ross Wilson 4276 (score keeper).

Men's Team

1. Wayne Hein 5158; 2. Randy Mackin 5154; 3. Larry Cavanaugh 4882; 4. Mike Wilson 4747; 5. Bob Dennison 4601; 6. Paul Brown 4586; Charlie McLeish 4396 (score keeper).

Mixed Team

1. Ken Mills 4519; 2. Bill Graham 4492; 3. Ed Geary 4456; 4. Ron Robinson Sr. 4443; 5. Brenda Card 3868; 6. Vicki Johnson 3858; 7. Judy Lavoy 3821; 8. Marnie Byrnes (score keeper). Coaches chosen - Men's team - Gord McAllister; Ladies team - Don Mackie - Mixed team - Lois Bailey.

Good luck bowlers in Hamilton Easter weekend.

Men's Commercial

Last Wednesday was a real

battle between Guilford Recreation and Harding's Metals. The Harding team bowled a 1310 and was squeezed out by Guilford Recreation who came up with a 1338. Harding's team is starting to jell with Fred Cox back this year and Larry Anderson also at the Teddy Bear.

Team Standings

Modern Electric 180; Kashaga Ford 175; Harding

Metals 170; Guilford Recreation 161; Carnarvon Lanes 161; Carnarvon Lumber.

High average: Ron Robinson Jr. 245 and Bruce Cummings 229.

High single: Dan Harding 346 and Fred Cox 340.

High triple: Gord Everall 861 and Dan Harding 811.

Candy League

Second Series Points: Chunkies 13; Gumdrops 13; Big Six 13; Smarties 10; Humbugs 7 and Turtles 7.

High single flat: Harry Henderson 291 and Phyllis

McDuff 302.

High single with handicap: Wilber Gibbs 299 and Doris Grant 359.

High triple flat: Gord Bennett 693 and Joan McKay 713.

High triple with handicap: Jim Grant 736 and Norma Parish 807.

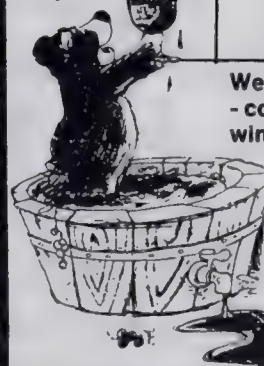

High average: Gord Bennett 200; Jim Grant 189; Joan McKay 215; Ev Stata 195.

Booster Club winners this week were: Diane Dollo, no. 21 - \$60 and Ron Robinson Sr., no. 50 - \$40.

This Christmas, give a practical gift to your parents, brothers, sisters, girlfriends, etc... Pick up a voucher from us to put under the tree, stating the nature of the gift and when it may be picked up.

Example package:

HERE'S TO:
A Merry Christmas
to all our friends
& customers.

1 - hind of A1 beef 125 lb. average 1.99 lb.
1 - set prime ribs A1 beef 25 to 30 lb. average 1.99 lb.

Cutting, wrapping and labelling included.

Total gift pack approximately \$300.00.

We will have a good selection of party snacks - cheeses - coldcuts - pickles (Strubs) - shrimp - herring tidbits in wine - marinade roasted pork tails etc.

EMPLOYERS OCAP can help

If you are an employer who wants to hire a young, eager person but can't meet the initial training costs...the Ontario government has an employment program just for you...

WHAT IS OCAP?

The Ontario Career Action Program is designed to help young people learn practical, marketable skills on the job. Many young people face a major problem. Lack of previous work experience prevents them from finding regular jobs related to their career goals and education, yet the only way they can get that experience is by being employed! OCAP was created to help overcome this dilemma by bringing together unemployed youths and employers, with the help of your local community college.

EARN WHILE YOU LEARN

OCAP provides on-the-job training for a period of up to 16 weeks. Trainees will receive an allowance of \$100 per week plus 4 per cent vacation pay from the Ontario Government. Income Tax, Canada Pension Plan and Unemployment Insurance premiums will be deducted. Trainees are responsible for their own health coverage but most

trainees will qualify for premium assistance. Enquire at your local OHIP office.

WHO QUALIFIES?

Trainers:

All Ontario businesses, industries, provincial government ministries, colleges, universities, Crown corporations, municipal and federal governments are eligible to participate.

You must ensure:

* that the training will be for a period of up to 16 weeks, depending on the complexity of the job duties

* that there are good prospects for employment of the trainee with you after OCAP

* OR that the skills acquired in training are marketable in the community, so that job prospects for the trainee are good with other businesses

* that no regular full-time or part-time employees are displaced in any way by the introduction of an OCAP trainee

PLEASE DROP IN TO OUR HALIBURTON CAMPUS TO DISCUSS
YOUR TRAINING NEEDS OR GIVE US A CALL AT
705-457-1680.

sir sandford
fleming college

OCAP CAN HELP

Are you between the ages of 16 and 24?
Have you been out of school for at least 3 months?
Are you actively looking for your first full-time, career-related job?

If the answer is yes to each of these questions, the Ontario government has just the program for you...

The Ontario Career Action Program

You may be finding it extremely difficult to get a job in your chosen line of work because you lack experience; at the same time, the only way to obtain this experience is by getting a job! The Government of Ontario has designed the Ontario Career Action Program (OCAP) to help you over this frustrating hurdle.

EARN WHILE YOU LEARN

The OCAP training period lasts up to 16 weeks, depending on the complexity of training. During this time, you receive a training allowance of \$100 a week.

GET PRACTICAL, ON-THE-JOB TRAINING

OCAP gives you practical, on-the-job training. You learn in a real work environment, one of the best ways to improve your job skills, work habits, and productivity. This work experience should increase your chances of obtaining that first all-important regular job. It should also help you to compete for jobs with more self-confidence. OCAP will not find you a permanent job, but it will help you to find one for yourself.

FIND THAT PERMANENT JOB

Job-search counselling and career guidance are also part of the OCAP experience. You will participate in workshops on how to search for employment effectively, how to write a good resume, and how to present yourself at a job interview. You will also be encouraged to apply for regular jobs and given help in arranging job interviews during your training.

HOW TO APPLY

Application forms for participation in the Ontario Career Action Program and further information are available from the OCAP office at your local community college or Canada Employment Centre.

FURTHER INFORMATION ON OCAP.
PLEASE DROP IN OR GIVE US A CALL AT 705-457-1680.

THE JAZZ SINGER CARTOONS MUPPETS STAR WARS THE SEA WOLVES SOUTH PACIFIC OKLAHOMA WEST WORLD 9-5

senior league

by Bert Harrison

A letter from Mrs. Santa saying Santa's doing fine, that he will be able to make it at Christmas time.

Rev. Burgess, the past two Sunday nights, has been speaking on the events leading up to the Virgin birth, the most wonderful thing that had happened in this old earth. While Mrs. Thompson is away, Agnes Taylor comes to play, and doesn't let us down. We hope some day, she will wear a nice golden crown.

Linda showed us three movies Monday afternoon, instead of Monday night. "Cry of the Marsh", "Sir Basil Spencer", and "Olympic Legacy". They were really good to see.

Tuesday morning Rev. Elliott of Minden Anglican Church held a nice communion service in the Chapel, this seventh day of December. Our girls came to sing and play. They always remember. They also stayed and had lunch with my wife and I before they went away.

We just learned of the passing of Mrs. Plumb - our deepest sympathy to the relatives and friends.

Tuesday night Earl Cooper, and Kathy Owens came. They were a little late, but the music they entertained us with was simply great. Earl played the fiddle and mandolin, Kathy played the accordion and sang some good old hymns.

We held our Christmas concert here on Wednesday night. Fred Ballard played the music, Bill Payne was M.C. They did the job just right. The first item on the program was acted by Edith, Lola, Bert and Ted. It was the chicken dance. I heard someone say that guy has lost his pants.

Our apologies to those who thought it was vulgar.

The next was "Up and Down" by the Activities staff. Then the "Hypnotized" by the office staff. Then the "Hyland Crest Cloggers" in a square dance with Doris the caller; said if you want to take a chance, turn your partner round and round, then kick him in the pants." Next was "Nothing for Christmas", sung by our own Doris. A Christmas play by the kitchen staff. Now this was something that caused a big laugh. Then "The Lady and the Tramp", a pantomime by the Robertson sisters, acted really fine. Then came "One on the way" by Activities housekeeping and nursing. Then the "Nativity Scene" put on by the nursing team. They had a real baby - it seemed like a dream. Then Santa came, the dear old soul, he wasn't one bit shy, gave the girls a little kiss as he was going by. Now our girls work hard for days to make this concert a success for us. I am sure they were truly blessed. Everyone did their parts so well, and did it with a smile. After all, isn't this what makes life worth while.

Thursday afternoon the Ladies Orange Benevolent Association served a lovely

lunch today. Left us a cheque for fifty dollars before they went away. Wasn't that a nice thing to do. We say a big "Thank You".

Friday afternoon Grace and Norma came and stayed until after three. We sang some Christmas carols. Grace read some poems "Choir Boy" and "A nice cup of tea".

St. George's Anglican church junior and senior

choirs from Haliburton came down to Hyland Crest entertained us royally, and was our special guest. They played and sang so lovely, it really was quite fine. We thank them for coming and giving of their time.

We never know how very much

A bit of love can do,
And as we cheer another's heart,

Our own gets lighter too.

NOTICE TO ADVERTISERS

The Times will be publishing its special Christmas greeting section next week. If you have not been contacted by our representative and wish to place a greeting - please contact our office (286-1288) as soon as possible. The deadline for this section is Monday, 4 p.m.

Discover the Caribbean with the ships that discovered the Caribbean.

The tall ships. Sleek sailing vessels out of another age. Ships which were the prized personal yachts of the millionaires Onassis, Vanderbilt and the Duke of Westminster.

Now, you can sail them through the mystical Caribbean. To well-known islands as Nassau, Antigua and St. Maarten. And to places the 12 story oceanliners never touch.

To magic islands with names like Saba, Carriacou, Anegada. Bligh's breadfruit isle. Stevenson's Treasure Island. They are all here waiting to be discovered again. With unforgettable beaches, forgotten forts, hushed volcanoes, picturesque towns and our island friends.

Join us in your barefeet, bikinis, or shorts. Start off with your morning eye opening Bloody Mary or a hot steaming cup of coffee, and brace yourself for a day unlike any on earth. This is the sea.

A special place of rainbows, iridescent sunsets, living reefs, rainbow fish and pink and white sand beaches.

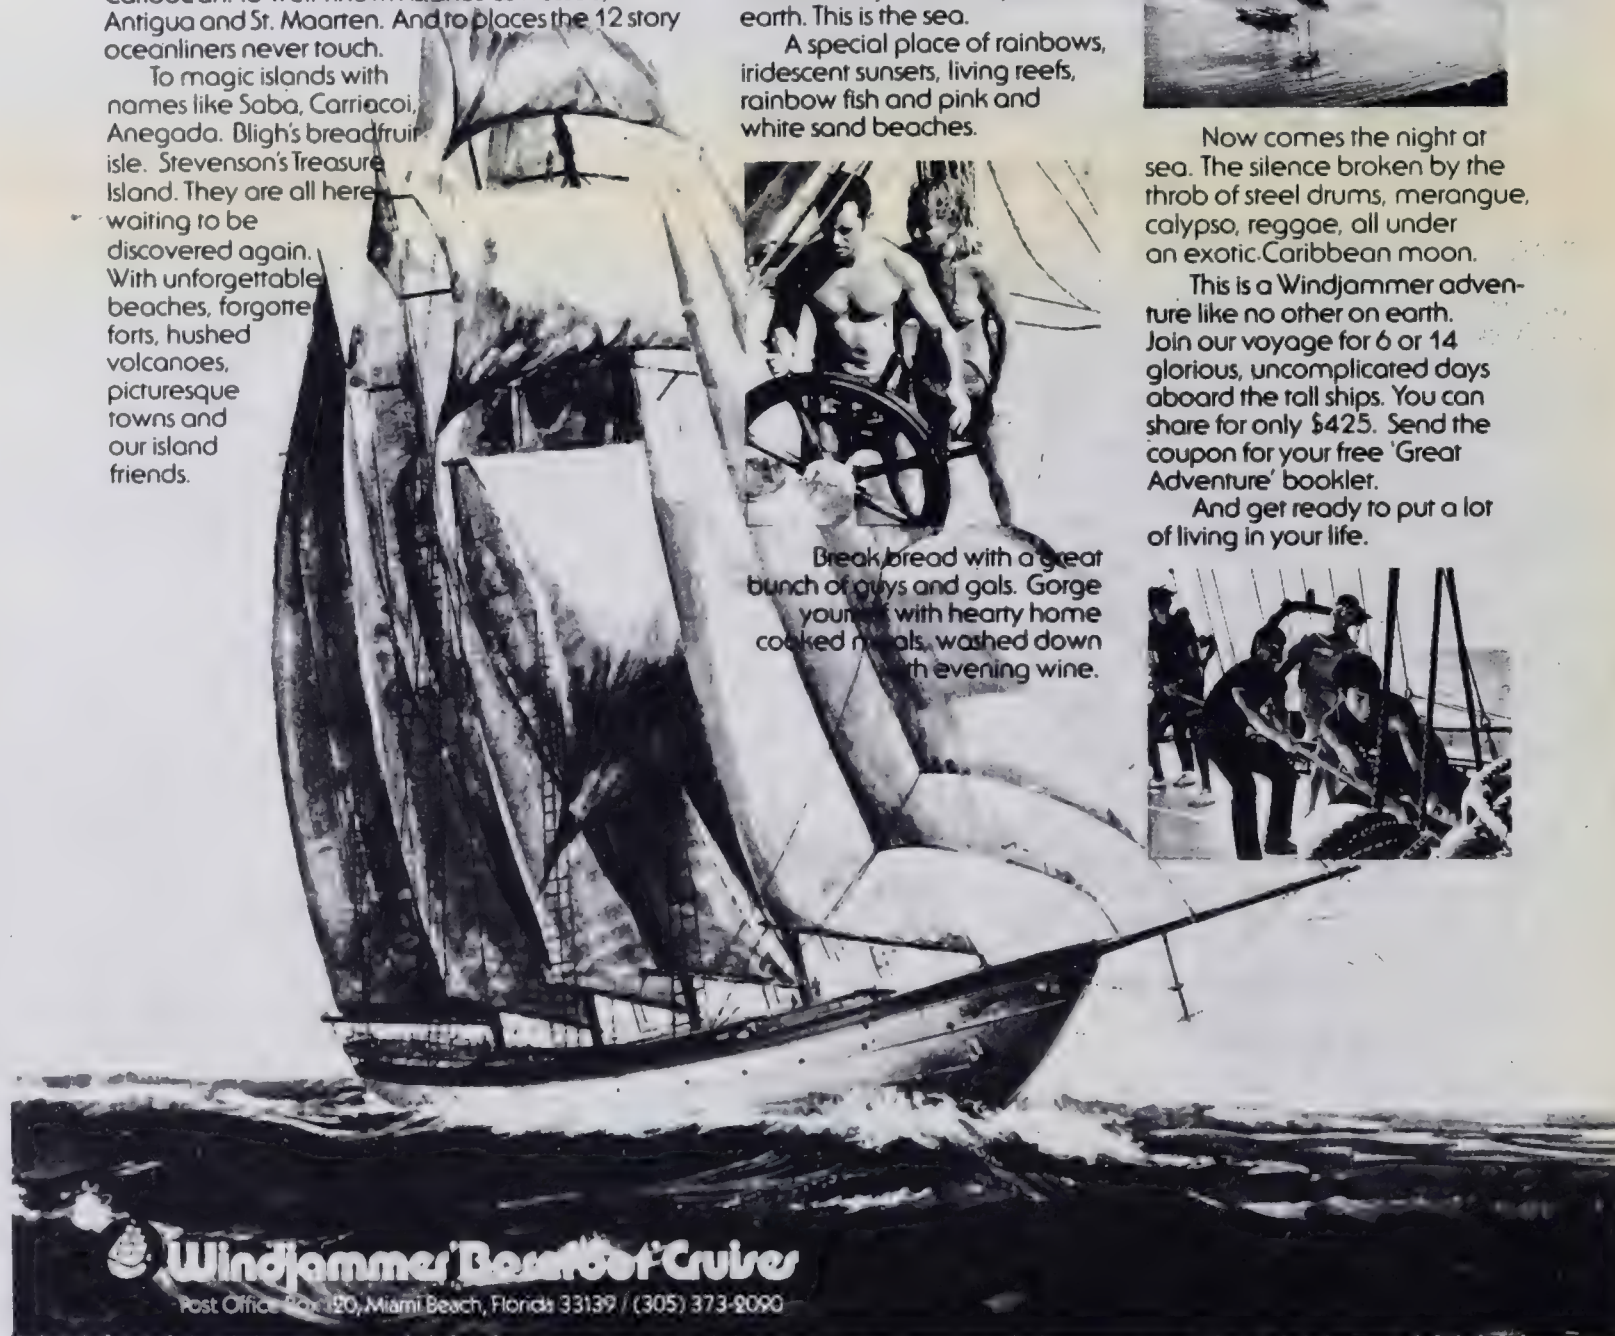

Now comes the night at sea. The silence broken by the throb of steel drums, merengue, calypso, reggae, all under an exotic Caribbean moon.

This is a Windjammer adventure like no other on earth. Join our voyage for 6 or 14 glorious, uncomplicated days aboard the tall ships. You can share for only \$425. Send the coupon for your free 'Great Adventure' booklet.

And get ready to put a lot of living in your life.

Break bread with a great bunch of guys and gals. Gorge yourself with hearty home cooked meals, washed down with evening wine.

Windjammer Barefoot Cruises

There has been such a good turn-out of youngsters to the free Friday night movies that Mrs. Durant, Mrs. Wood and Mrs. Sears have decided to have free Christmas movies for children at the Common Room of the Library Cultural Centre on Thursday, December 23rd from 1:30 - 2:30 p.m. Hope all the young people will come to this.

Last Monday, Mr. and Mrs. Phillip Robinson visited with her sister and husband, Mr. and Mrs. Ernest Voycey in Gamebridge.

The winners of the Mini Card Party at St. Paul's are as follows: cribbage - Gordon Kellett, euchre - lone hands, Marjorie Coulter and Hilda Harrison.

I am very sorry to report the deaths of Rufus Anderson of Haliburton, Mrs. Ethel Henderson from Minden, Mrs. Elsie Plumb of Hyland Crest, Minden, Marjorie Anderson of Minden, Lawrence Morrison of West Guilford, Bess Gainforth of Haliburton and Fred Broad

of Wilberforce. Our deepest sympathy to their families and friends.

My father, Walter, is still in Toronto General Hospital undergoing tests. Hopefully he will be home soon.

Mr. Jack Walker of Toronto is visiting with his mother Mr. and Mrs. Elmer Harrison of Maple Lake.

There was a lovely open house at the home of Horry and Ann Baker of Lutterworth Estates this past Saturday. Guests enjoyed a delicious repast and a good time was had by all.

Joyce Hewitt and Yvonne Beaucage of St. Paul's Thrift Shop would like to wish everyone a joyous Christmas. The Thrift Shop will probably be open twice a month for the winter months.

Fred Hewitt visited his mother, Joyce this past weekend.

Joan and Alec Beattie and their children visited their

families over the weekend.

I am sorry to report that Robert Trumbull, formerly of Minden who resided in Ottawa, succumbed to injuries sustained in an automobile accident. His wife is still in Civic Hospital, Ottawa. Our deepest sympathy goes to his wife, family and friends.

Mr. and Mrs. Keith MacIntosh of Oshawa, spent the past weekend with their families in Minden and Maple Lake.

Lessons and carol services at St. Paul's Church in Minden, will be held December 19 at 7:30 p.m.

These services will be held in St. Peter's Maple Lake on Monday, December 20 at 7:30 p.m.

If any of you are interested in old fashioned caroling please come to St. Paul's Parish (the meeting place) at 7:00 p.m., on Friday, December 17, after the singing there will be chocolate and cookies served in the Parish Hall. This is a chance to serenade your neighbours and spread good cheer.

There will be a Christmas Eve Service celebrated on Friday, December 24 at 7:30 p.m. at St. Paul's Anglican Church, which will be a family Communion Service, and a Solemn High Eucharist of Christmas at 11:00 p.m.

On Christmas Day, December 25, there will be a Christmas Communion Service conducted at St. Peter's Church in Maple Lake at 10:00 a.m.

Bittersweet

What privilege to view the sun
In all its majesty
To gaze upon the fruitful earth
And all that it could be,
What ecstasy to hear and feel
Beethoven's mighty chord
And choruses of Handel
Singing praises to the Lord.
What heart resists the pity
Of a lonely puppy's cry
And the sense of deep compassion
In a mother's lullaby?
How puny man can feel when faced
By waves upon the shore
And a certain vague uneasiness
He may have lived before.
The awesome, radiant beauty
Of a clear and starry night
And the sweet relief of conscience
Knowing truth is always right.
The sadness of the silvery rain
That spills down from above
And all the happiness and pain
Of never-ending love.
A raging tempest bows before
The lovely rainbow's glow
And rough and craggy
mountains are capped
With soft and hoary snow.
What agony to think someday
That all of this must end,
What tragedy to just behold
But never see a friend!

Yvonne
May you keep the spirit of
Christmas always in your
hearts.

book nook

Here is another list of books available for your reading pleasure from the Minden Library.

Juvenile Fiction

Title: Ready Set Robot.
Author: Lillian Hoban.

Sol-I was "the messiest robot in Zone 1", says his mom. He is ready to roll in a Digi-maze race when he gets stuck in outer space and finds he has worn the wrong cap. This is a welcome space-age adventure for juniors and illustrated in colour.

Juvenile Non-Fiction

Title: Secrets of Venus's Fly Trap. Author: J. Wexler.

This tells of how the venus fly trap catches and absorbs the food from insects it may lure into a leaf. Interesting and well illustrated in black and white.

Adult Fiction

Title: Trans-Siberian Express. Author: Warren Adler.

The six-thousand mile route of the world's longest, most exotic railway, the legendary Trans-Siberian Express, is the setting for this powerful and enthralling tale, which reveals a diverse cast of unforgettable characters in the tense atmosphere of a speeding train traversing two continents.

Dr. Alex Cousins, a famous American cancer specialist, is secretly dispatched to Moscow by the President of the United States. His mission: to prolong the life of Viktor Dimitrov, Secretary of the Politburo, who is dying of leukemia.

Once Dimitrov's condition has improved, the wily old politician encourages the doctor to leave Russia via the spectacular Trans-Siberian Express - across two continents, then to Japan and over the Pacific.

At first Cousins is charmed by the Victorian grandeur of the antique train, his compartment is a foreign and fabulous world, and into it comes Anna Petrovna, a magnificent Russian beauty, who fascinates Alex from their first meeting, but as the miles slip by, this sentimental journey - and rediscovery of

long-forgotten passion becomes a living nightmare.

Supremely engrossing, vividly evocative and filled with character as varied as Russia herself, Trans-Siberian Express is an unforgettable ride to romance and international suspense.

Adult Non-Fiction

Title: Art of Preserving Flowers. Author: Elizabeth MacDermont.

ED'S TAXI

will be closed from
6:00 p.m. December 24 until
8:00 a.m. December 28, 1982.

Q: What water never
freezes?
A: Hot water.

Q: What does your mother
look for and hopes not to
find?

A: A hole in your sock.

Q: What gets bigger the
more you take from it?

A: A hole in the ground.

Q: What has twelve legs and

cannot see?
A: 3 blind mice.

Q: What gets wet when drying?
A: A towel.

Q: What is the difference
between a big black cloud and
a lion with a toothache?

A: One pours with rain and
the other roars with pain.

Bye for now. Take it easy.
God bless till next time.

AT REST

HENDERSON - Ethel Etta at the Ross Memorial Hospital, Lindsay on Wednesday, December 8, 1982 in her 87th year, beloved wife of the late Floyd Henderson, dear mother of Morris of Minden, Eileen (Mrs. Wesley Johnson) of Lindsay and Goldie of Roseneath, loving grandmother of 14 grandchildren and 17 great grandchildren, dear sister of Frank Davis, predeceased by several brothers and sisters.

Resting at the Gordon A. Monk Funeral Home, Minden after 2:00 p.m. Friday. Funeral service in the chapel on Saturday, December 11 at 1:30 p.m. Interment Twelve Mile Lake Cemetery.

CARD OF THANKS

Thank you to Dr. Lodenquai, Dr. Manmohansingh, and Dr. Lindsay for their superb expertise with every effort to save Wilf's life and ease his suffering, to Minden Hospital staff, ambulance attendants, and the Intensive Care Nursing staff of Ross Memorial Hospital for their caring attention. My sincere appreciation also to Lindsay Pontiac Buick Ltd., the Nine Ten and Country Squires Motels, and Victoria County staff for their kind assistance; to Haliburton County Council and County staff for their understanding and support, Gordon Monk Funeral Home, and all the wonderful Haliburton County people for their concern and expressions of sympathy.

Winifred M. Lahay

Beatrice and Leonard Hamilton wish to thank everyone for all the gifts and cards in making their 50th Wedding Anniversary a success. 12BC

IN MEMORIAM

LINDSAY - William

A page in the book of memories

Is gently turned today.

Loving wife Florence, children Ross, Sharon, Kathryn. Grandchildren Ryan & Stephen. 12C

HARRISON - In loving memory of our dear husband, son and brother, Gordon, departed this life December 6, 1979.

Tonight the stars are shining
On a lonely, silent grave,
Where he lies in silent slumber
One we loved but could not save
May Heaven's winds blow softly
O'er that sweet and hallowed spot
Where the one lies sleeping
and
We will forget you not
Gordon.

Inserted by his loving wife
Pearl, Mom & brother
Harold. 12C

Notice To Creditors and Others

All claims against the Estate of **James Hugh McLaughlin**, late of the City of Toronto, in the Municipality of Metropolitan Toronto, Solicitor, who died on or about October 26th, 1982, must be filed with the undersigned personal representative on or before January 7th, 1983; thereafter the undersigned will distribute the assets of the said Estate having regard only to the claims then filed.

DATED AT TORONTO this 15th day of December, 1982.

VICTORIA AND GREY TRUST COMPANY and BARBARA ANN McLAUGHLIN, Executors, by their solicitors, McLAUGHLIN, SOWARD, MARKLE, 200 University Avenue, Suite 601, Toronto, Ontario M5H 3E1. 12CDE
